

Landeswettbewerb  
**Jugend  
musiziert**  
ÖSTL. MITTELMEERRAUM

**Wettbewerbe für das instrumentale und vokale Musizieren der Jugend  
unter der Schirmherrschaft des Bundespräsidenten**

MusicForMasters has been a great partner in the three “Jugend Musiziert” competitions in which they performed hosting duties for us. They helped us to bring together students across 5 different countries for the “Regionalwettbewerb Jugend musiziert der Deutschen Schule Rom 2021”, the “Landeswettbewerb Jugend musiziert der Deutschen Schulen des Östlichen Mittelmeerraums Rom 2021” and the “Landeswettbewerb Jugend musiziert der Deutschen Schulen des Östlichen Mittelmeerraums Kairo 2022”.

Over 200 students and the respective judges found the platform easy to use and professional. The students registered in a simple and quick manner, uploading their videos without needing a high internet connection, while the judges accessed and graded the videos easily. Specifically, we liked that the judges only had one attempt to grade the performances, just like in a Face to Face scenario, as stipulated in the customization process with MusicForMasters.

Through the timed token technology the competition was just like if it was Face to Face, with the benefit of being online as the students only had one shot to record their performance, so the pressure and authenticity was exactly the same.

The support given to us by MusicForMasters was professional and time efficient, as they were always ready to solve any minor issue that presented itself. Another positive aspect was that the audio of each video was excellent and our organisation didn't have to do any IT work, as it was outsourced to the MusicForMasters infrastructure, which took care of the video upload and storing, easily accessible on the competition's website.

I would definitely recommend MusicForMasters to other institutions looking to improve their processes and make their life easier by hosting pre-selections, competitions or admissions online without having to compromise on authenticity and professionalism.

With kind regards,
